

## SENIOR SESSIONS

*A reminder to all seniors---*Now is the time to book your individual “**Senior Session**” appointment with Mrs. Robert! Return your completed purple ‘senior session’ checklist to guidance to receive an appointment time.

During this meeting, your progress towards your graduation requirements will be reviewed, as well as your future plans and goals discussed. Helpful suggestions and options will be presented. Details regarding the college application procedure will be reviewed.

Those students planning to apply to a four-year college will receive the “College Countdown” booklet; those students planning to apply to a community college will receive the “College Connections” booklet. Both guides contain a vast amount of information regarding many aspects relative to college admissions. Please review these booklets with your parents/guardians and don’t forget to hang the **timeline** on your fridge!

All seniors, regardless of their future plans (college, technical school, the military, or the workforce) should book a “**Senior Session**”.
